## PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. You can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires None.

Number of acres burned None.

Number of permits issued 15.

WINTHROP H. HANNAFORD  
District Chief

CHESTER HURD  
Forest Fire Warden

## NO-SCHOOL SIGNAL

In case of emergency when it seems inadvisable to have schools in session on any day, the No-School Signal will be given by sounding the signal 22 on the fire alarm system at 7:15 A.M., and by having it announced over radio station WBZ and WKNE at the same time approximately. When the No-School Signal is given it means that there will be no school in all grades all day.

Parents and pupils are urged to depend upon the fire signal, T.V., or radio for no-school notices. The local telephone operators are no longer able to assist in giving no-school information.
